🎓 EDUCATION

B. Tech, *Baderia Global Institute of Management and Engineering*
2021 - 2025 | Course - Computer Science | Yr-3, Sem-5 | CGPA - 8.0(till date)

🧠 SKILLS

Programming Language
C, Java, Python

Android Development
Java, Flutter(dart)

Machine Learning & NLP
Python

Web Frontend
HTML, CSS, Bootstrap, JavaScript

Database
Hive, MySQL

📂 PROJECTS

Machine Learning Model
1. CancerDetection Model
  - Python Libraries used :- numpy, pandas, scikit-learn
2. Movie & Music Recommendation Model -WebApp
  - Python Libraries used :- numpy, pandas, scikit-learn, ast, PorterStemmer, CountVectorizer,cosine_similarity,
3.Vehicle detection Model
  - Python Library used :- cv2 functions, numpy, yolov3, matplotlib
  - being used for - smart parking project - under development .

Android Applications:
1. Insta-home-clone - ⌐
  - Technologies used : Android studio - java
2. Matrix Calculator - ⌐
  - Technologies used : Android studio - java
3. Notes Maker- DIARYdigest- (speech/voice typing) ⌐
  - Technologies used : Android studio - Flutter,dart,rive,Hive
4. Music Player- ShadowBeats- (voice command) ⌐
  - Technologies used : Android studio - Flutter,dart,Hive

Web Applications :
1. Book Recommendation System
  - Technologies used : Python, Bootstrap, HTML,CSS,Flask
  - Model - Collaborative & Priority
2. Portfolio Website ⌐
  - Technologies used : Bootstrap, HTML, CSS
  - still upgrading.....
